

September 4th, 2025

- **Interviewed members** from all 8 Settlements to learn how to do research in the Metis Settlements in a good way
- Put the ideas from the interviews into a **survey**, to see if other community members agreed with these suggestions for how to do research in the Settlements
- **Attended community** events in all 8 Settlements to get to know people in the community, and hand out the survey
- Created our **Research Leadership Committee**, made up of Settlement members that provides guidance and direction for the research project

- The below word cloud shows some of the main ideas that we heard in our interviews with community members about past experiences of research, and the best way to do research in the Settlements going forward. The larger the word, the more often we heard this idea:

- If you would like to learn more about the project, see past updates, or get involved by helping guide the research through the Research Leadership Committee, please click [HERE](#) for more information, or contact Iain McInnis directly: imcinnis@ualberta.ca
